

DIRECTIONS TO THE OLD PLACE FROM THE M4 JUNCTION 7 (SLOUGH WEST)

Leave the motorway spur road and turn left onto the A4 in the direction of Maidenhead.

Go straight over the traffic lights and at the next roundabout (there is a big Sainsbury's supermarket) turn left following the sign to Dorney.

Drive over the motorway past The Pineapple pub on your right and into Dorney village. Pass the Palmer Arms pub on your left and you will soon come to a cattle grid.

Once on Dorney Common take the first right turn after 300m signposted to Boveney. Drive straight on and over the little humpbacked bridge. There follows a blind sharp left hand bend (please drive slowly - horses, bikes and children). You are now on Lock Path.

Do not turn right into the Car Park, and go past Old Place Cottage on your left continuing onto the single track road. Keep driving until you reach another cattle grid and a gate across the road. There is an avenue of chestnut trees in front of you.

The Old Place is immediately on your left behind wrought iron gates on brick pillars.

To open the electric gates, press the large grey button which is behind the low wall on the left pillar. You can see the button if you look over the top of the wall – see below for more details.

Wisteria is on the ground floor of the building at the end of the drive on the right.

It is the first door you come to.

Gardeners Bothy is on the first floor of the building. Go through the green door and the entrance door is in the lobby at the bottom of the stairs.

The Smithy is on the ground floor at the back of the building.

The keys for each apartments are hidden. Go into the Gardeners Bothy lobby (open to everybody, washing machines, green floor) open the double doors immediately in front of you, look behind the central pillar where the keys are hanging.

Please leave the keys hanging on the FRONT hooks when you leave.

Welcome to Dorney Self Catering Apartments. We recommend that you take a little time to read the Information sheet, because it will help you understand how things work.
